

Dear Bob Newell,

Dec. 4, 1992

After thinking about it a while after we talked on the phone today, I am still disturbed that I was not notified when my father was told about the investigation. From the beginning it was made aware to you my concern about this. You assured me, and several others if I remember correctly (Linda Hull & Kim Weber) that you would let me know before my dad was told so that I could be prepared. I realize that you are looking out for Mercy Corps. position, but Mercy Corp is only a business, it is not a person, it does not have a soul, this is my life, and my concern was a very real and valid concern. I am <sup>then</sup> <sup>is not</sup> <sup>have</sup> <sup>as I will continue to be</sup> being honest ~~with~~ with you and I would appreciate the same consideration from you and the rest of <sup>the</sup> Mercy Corp. <sup>if I am to continue to</sup> ~~and I~~ <sup>respect</sup> <sup>you</sup> I am looking out for my interests here, I <sup>want</sup> <sup>to</sup> <sup>to</sup> continue to help you in whatever way I can. However, I would appreciate some sensitivity on your part. ~~as it pertains to~~
